Where Atlanta Comes Together

## SOUTHWEST STUDY GROUP – SUBAREA 1 MASTER PLAN UPDATE

*Join us for the next LCI and Subarea 1 Master Plan Update meeting.*

This is an opportunity to report out on findings from several public meetings throughout the spring and summer and help prioritize the draft final recommendations for land use (e.g. mixed use, housing, commercial services), mobility (e.g. trails, sidewalks, bikes, transit), parks and greenspace in BeltLine Subarea 1.

The objective of the Subarea Master Plan is to guide growth for vibrant, livable mixed-use communities by applying best management practices for transit-oriented development, mobility, green space, and alternative modes of transportation.
