# SUBAREA 4 MASTER PLAN UPDATE DESIGN WORKSHOP

## Southeast Study Group

Join Atlanta BeltLine, Inc. (ABI) as we update the 2011 Subarea 4 Master Plan which is a plan to help guide growth for vibrant, livable mixed-use communities by applying best management practices for transit-oriented development, mobility, affordable housing, greenspace and alternative modes of transportation.

In these workshops, we will be collecting input on the Subarea 4 Master Plan goals as well as recommendations for future land use, urban design, housing, mobility, greenspace, and other elements. Design stations will be interactive and staffed to help guide you through the exercises. Stations have been organized to promote social distancing; however, masks are strongly encouraged. All three workshops will cover the same material.

Take a few minutes and explore our project website which includes interactive activities and a survey. <https://bit.ly/BeltlineSA4>. We hope to see you soon!
