Where Atlanta Comes Together

## SOUTHEAST STUDY GROUP – SUBAREA 3 MASTER PLAN UPDATE

*Want to help guide the future of your community?*

In 2007, master planning began by looking at the one-half mile on either side of the Atlanta BeltLine corridor to create a framework to support future growth and transit in the corridor. There are 10 distinct subarea masterplans for the Atlanta BeltLine and they are subject to periodic review and adoption by City Council.

This is the third in a series of public meetings to gather community input on the Subarea 3 Master Plan. The purpose of this meeting is to present the findings from the open house that was held in April of 2018 and receive your feedback on the draft recommendations for land use (e.g. mixed use, housing, commercial services), mobility (e.g. trails, sidewalks, bikes, transit), parks and greenspace in BeltLine Subarea 3.
