

Founders Circle

Major Gifts Society

Overview

Inspired by a graduate thesis. Born out of a grass-roots movement. The Atlanta BeltLine came to fruition because of a strong public-private partnership between the City of Atlanta and Atlanta's corporate, philanthropic, nonprofit, and community leaders.

The Founders Circle commemorates the leaders who answered the call of Mayor Shirley Franklin and created the Atlanta BeltLine Partnership to help make the Atlanta BeltLine vision a reality. It celebrates the contributions of founders such as civic and business leader Ray Weeks, who served as the organization's first chair... the PATH Foundation and the Trust for Public Land, two organizations that stepped up to advance BeltLine trails and parks before Atlanta BeltLine, Inc. was formed... and the numerous philanthropic donors who provided critical seed funding to develop BeltLine parks and trails that millions of people now enjoy.

The Atlanta BeltLine Partnership continues to raise philanthropic investments for capital projects while connecting residents to the BeltLine through programs and advocacy. This work would not be possible without major gifts from longtime friends of the project and a growing number of new donors.

Members of the Founders Circle make a minimum annual contribution of \$2,500 to support the Atlanta BeltLine Partnership. These contributions inspire others and affirm the vision of creating a better, more connected Atlanta. As a member of the Founders Circle you are making an investment in the work of the Atlanta BeltLine Partnership and the future of the BeltLine and our city.
