1. If the contractor, consultant, subcontractor or sub-consultant completes the Certification of No Organizational Conflict of Interest; and

2. If ABI Legal Counsel agrees that the contractor, consultant, subcontractor, or sub-consultant has no organizational conflict of interest.

If the above conditions are met, the bidder may be considered eligible to participate in this procurement.

4. **Termination of Contract**

Although either party shall have the right to terminate the contract upon thirty (30) days’ written notice, with or without cause, ABI reserves the right to terminate the contract with thirty (30) days’ notice if the bidder elects to change any of its key personnel, partner(s), or subcontractor(s) without the express written consent of ABI.

5. **Payment**

ABI shall make payment within 60-75 days upon receipt, inspection and acceptance of the work and all required documentation by ABI.

6. **Code of Ethics** ABI’s Code of Ethics, included as **Exhibit D**, applies to this solicitation.
7. **Background Checks and Drug Testing**
The bidder may be required to implement a drug-free workplace program including pre-employment testing and background checks including social security number verification. Any employee assigned to the Project may be subject to background screening through “Livescan” administered by the Georgia Bureau of Investigation.

8. **Federal Work Authorization** Pursuant to O.C.G.A. §13-10-91, qualifying contractors and subcontractors performing work within the State of Georgia on a contract with ABI must register and participate in a federal work authorization program. A certification form verifying participation in such a program will be required of all Respondents in addition to the S.A.V.E. Program Affidavit required by O.C.G.A. §50-36-1 (e) (2). See Exhibit B.

9. **Prevailing Wage** Not applicable.

10. **Debarment and Suspension** ABI shall not award a contract to bidders that are debarred or suspended, or otherwise excluded from or ineligible for participation in Federal assistance programs under Executive Order 12549.

11. **Authority to Debar or Suspend**
After reasonable notice to the vendor involved and reasonable opportunity for that person or entity to respond, ABI’s President and CEO shall have authority to debar a person or entity for cause from consideration for award of contracts.

12. **Proprietary Information** ABI recognizes that material in its possession or in the possession of IA or the COA or any other government agency is subject to public examination and copying under the Georgia Open Records Act, O.C.G.A. §50-18-70, et seq. (the “Act”). Bidder has the obligation to identify proprietary information and trade secrets by clearly marking the documents “Trade Secret” as required by the Act. If ABI receives any request under the Act to examine or copy any of the proprietary information obtained pursuant to this Agreement, it will immediately notify the bidder of such request and will respond to the requesting party within the time allowed by law, indicating to the requesting party that the information requested constitutes trade secrets and therefore is considered by ABI to be exempt from disclosure under the Act. Notwithstanding the foregoing, it shall be the obligation of the bidder to take appropriate, timely legal action to secure the nondisclosure of the information requested, at its sole expense. ABI shall cooperate in any action at law or equity in any court of competent jurisdiction to permit the bidder to seek a protective order or other relief to prevent the disclosure of the Proprietary Information of the bidder requesting disclosure under the Georgia Open Records Act; provided, however, that the bidder shall be required to indemnify ABI, IA and COA for any and all costs, expenses, or claims arising from such matter(s).

13. **Ex Parte Communication**
Please note that to ensure the proper and fair evaluation of a proposal or bid, ABI prohibits ex parte communication initiated by a bidder, respondent or offeror to an ABI employee, consultant, contractor, volunteer, board member, graduate or undergraduate fellow, City of Atlanta official (i.e. city council member, mayor, etc.), any ABI affiliates, or citizens evaluating or considering the proposal or bid prior to the time a selection has been made. Communication includes but is not limited to fax, phone call, email and in-person. Communication between a bidder, respondent, or offeror and ABI must be directed in writing to the Procurement Officer or other contact person designated by ABI only. The Procurement Officer or designated contact person will obtain the information or clarification needed. Ex parte communication may be grounds for disqualifying the
offending bidder, respondent, or offeror from consideration or award of a bid or proposal (or any solicitation), and repeat offenders may be disqualified from responding to solicitations for future projects. After this RFP has been published and a contract has been fully executed, no offeror shall make direct contact with any member of ABI staff other than the persons listed on the first page of this RFP. Furthermore, during its pendency, the procurement process is strictly confidential, and no person shall attempt to contact any ABI employee, board member, officer, or director including citizens regarding any portion of the process that has not been made public. Notwithstanding the foregoing, all communication regarding any open and/or pending procurement must be directed to the ABI Procurement Manager or the ABI Procurement Officer.

14. **Force Majeure**
Neither party shall be held to be in breach of the contract resulting from this ITB because of any failure to perform any of its obligations hereunder, if said failure is due to any act of God, fire, flood, accident, strike, riot, insurrection, war, or any other cause over which that party has no control. Such party shall give notice and full details of such Force Majeure in writing to the other party within a reasonable time after occurrence of the event and the obligation of the party giving such notice shall endeavor to remove or overcome such inability with all reasonable dispatch.

15. **Addenda and Interpretations**
All questions by prospective bidders as to the interpretation of the bid document must be submitted by email to sclark@atlbeltline.org and must be received no later than the time and date specified in the Invitation to Bid.

Every interpretation made to a bidder will be in the form of an addendum to the bid document. All addenda will be sent via e-mail to each person attending the pre-bid conference and will be posted on ABI’s website with other bid information. It is the bidder’s responsibility to make inquiry as to the addenda issued. All such addenda shall become part of the agreement and all bidders shall be bound by such addenda, whether or not received by the bidders. Please frequently check ABI’s website to ensure that you have all documents that have been issued prior to submitting your bid.

ABI shall not be bound by any information, explanation, clarification, or any interpretation, oral or written, by whosoever made, that is not incorporated into an addendum to the bid document. No response shall be made to inquiries received later than the time and date specified in the Invitation to Bid.

16. **Mandatory Pre-Bid Conference and Mandatory Site Visit**
A MANDATORY Pre-Bid Conference and Site Visit will be held at 10:30 AM EST on Wednesday, October 16, 2019, at ABI Eastside Trail behind Mariposa Lofts - 100 Montag Circle, Atlanta, Georgia 30307. Limited parking is available at the Historic Fourth Ward Park (H4WP) Skatepark near the start of the site visit and at Ponce City Market near the end. Also, limited on-street parking may be found on Montag Circle and other surrounding streets near Mariposa Lofts and surrounding H4WP.

General requirements of the work will be discussed at the pre-bid conference and site visit. Also discussed will be questions regarding preparation and submission of bids and general contractual requirements. Bidders will be allowed to ask questions. Oral answers to questions during the pre-bid conference and site visit(s) will not be authoritative. The written bid documents supersede any verbal or written communications shared prior to the release of the official Invitation to Bid. It should be emphasized, however, that nothing stated or discussed during the course of this conference shall be considered to modify, alter or change the requirements of the bid document, unless it shall be subsequently incorporated into an addendum to the bid document.
17. **Time for Receiving Bids**
Sealed bids will be received by the Procurement Manager at 100 Peachtree Street, NW, Suite 2300, Atlanta, GA 30303, **no later than Wednesday, October 30, 2019 at 1:00 PM (EST)**, and will be publicly opened and read at **1:01 PM (EST)**. **All bids received after 1:00 PM (EST) shall be deemed late and will not be accepted.** Bid envelope must be marked on the outside with the Project name, name of bidder, date and time of opening.

18. **Disadvantaged Business Enterprise (DBE) Participation**
ABI is committed to the practice of non-discrimination in the selection of team members and relationships with sub-contractors with a desire to reflect diversity and inclusion in the participation of companies engaged in the Atlanta BeltLine project. ABI strongly encourages participation by Female Business Enterprises (“FBE”), Women Business Enterprise (“WBE”), Minority Business Enterprises (“MBE”), Small Disadvantaged Businesses (“SDB”), and Small Business Enterprises (“SBE”) in all contracts issued by ABI. These enterprises shall be collectively referred to in herein as DBEs. It is anticipated that as a part of a responsive submittal, DBE participation will be included. This Project has a DBE goal utilization goal. The DBE goal for the Project has been set at 30%. Please see **Exhibit N** for the Disadvantaged Business Enterprise Participation guidance in its entirety.

In accordance with ABI’s DBE participation policy, all bidders shall complete and submit the **Good Faith Effort Affidavit** attached hereto as **Exhibit Q**.

ABI is an Equal Opportunity Employer.

19. **Receipt and Opening of Bids**
Sealed bids will be received by the Procurement Manager at 100 Peachtree Street, NW, Suite 2300, Atlanta, GA 30303, **no later than Wednesday, October 30, 2019 at 1:00 PM (EST)**, and will be publicly opened and read at **1:01 PM (EST)**. **All bids received after 1:00 PM (EST) shall be deemed late and will not be accepted.** Bid envelope must be marked on the outside with the Project name, name of bidder, date and time of opening.

**ABSOLUTELY NO BID WILL BE ACCEPTED AFTER 1 PM (EST).**

20. **Preparation of Bids**
All bids must be submitted on bid document forms supplied by ABI and shall be subject to all requirements of the Agreement Documents (as hereinafter described). All bids must be regular in every respect and no interlineations, excisions, or special conditions shall be made or included in the bid by the bidder.

Lump sum, unit price, and extensions of unit prices must be entered in the appropriate spaces provided on the Bid Schedule/Bid Form. Unit prices shall include an appropriate allocation of overhead and other indirect costs so that the summation of unit price extensions and lump sum items represents the total bid amount. In the case of any bid item for which a fixed amount predetermined by ABI has already been entered on the Bid Schedule, the amount so entered shall be conclusive of all bidders as the price for such item, and shall not be revised unless ABI directs a change in the Scope of Work affecting the item to which such amount relates.

ABI may consider as irregular any conditional bid or any bid on which there is an alteration of, or departure
from, the Bid Schedule hereto attached and at its option may reject the same.

Erasures or other changes in the bids must be explained or noted over the signature of the bidder. Failure to do so shall render the bidder as non-responsive and cause rejection of the bid.

Failure to execute the Bid Schedule/Bid Form documents may render the bidder as non-responsive and cause rejection of the bid at the sole discretion of ABI.

21. **How to Submit Bids**

Submit one paper original with all other required bid documents, and one electronic copy (flash drive) in a PDF format. For the privacy of all bidders, ABI requires that the electronic copy not include the response forms that contain personal information such as driver’s licenses. The bid and other required documents, as outlined in the Bid Submittal Check Sheet, may be photocopied for submission of bids.

The complete bid original document and electronic copy shall be enclosed in a sealed package which shall be clearly labeled with the Project name, name of bidder, and date and time of the bid opening.

Bids must be addressed to:

Subrena Clark, Procurement Manager  
Atlanta BeltLine, Inc.  
100 Peachtree Street, NW, Suite 2300  
Atlanta, GA 30303

22. **Execution of Bid**

Bidders shall submit their bids, together with the Bid Guarantee and all forms which the bidder is required to sign, executed in the appropriate manner as set forth below:

a. If the bidder is a corporation, all required documents shall be signed by the president or vice-president of the corporation, whose signature shall be attested by the secretary or assistant secretary of the corporation and the corporate seal affixed.

b. If the bidder is an individual, the bidder shall sign all required documents and his or her signature shall be notarized by a notary public.

c. If the bidder is an individual doing business under a trade name, all required documents shall be signed by the bidder whose signature shall be followed by either, "doing business as," or "trading as," followed by the trade name of the bidder's business, and notarized by a notary public.

d. If the bidder is a partnership, all required documents shall be executed by placing the name of the partnership followed by "By: (the name of the partner executing)" followed by the word "Partner," and notarized by a notary public.

e. If the bidder is a limited liability company, all required documents shall be signed with notary attestation by the sole or managing member or manager, as the case may be.

f. If the bidder is a joint venture, each party to the joint venture shall execute the Bid Documents in the manner set forth in items a, b, c, d or, e of this article of the Instructions to Bidders as appropriate for this type of organization.

If the bidder is a Joint Venture, all other documents in the Bid Documents shall be executed by one of the
parties to the joint venture, as provided by Article 4 of the Joint Venture Statement, in the same manner as the executed said Joint Venture Statement.

23. **Errors in Bids**
Bidders and their authorized representatives are required to fully familiarize themselves with the conditions, requirements, addenda and specifications before submitting a bid. Failure to do so will be at the bidder's own risk. In case of error in extension or prices in the bid, the unit prices(s) shall govern.

24. **Disqualification of Bidders**
Any of the following may be considered as sufficient justification for disqualification of a bidder and the rejection of the bid:

   a. Submission of more than one bid for the same work by an individual, firm, partnership, corporation or any other organization under the same or different name(s);

   b. Evidence of collusion among bidders;

   c. Previous participation in collusive bidding on work for ABI;

   d. Submission of an unbalanced bid, in which the prices quoted for same items are out of proportion to the prices for other items;

   e. Lack of competency of bidder (the Agreement will be awarded only to a bidder(s) rated as capable of performing the Work; ABI may declare any bidder ineligible at any time during the process of receiving bids or awarding the Agreement where developments arise which, in the opinion of ABI, adversely affect the bidder's responsibility. However, in such cases, the bidder will be given an opportunity by ABI to present additional evidence before final action is taken).

   f. Determination that the bidder has a conflict of interest.

   g. Evidence that the bidder has engaged in *ex parte* communication.

25. **Rejection of Bids**
Bids may be considered irregular and may be rejected if they show omissions, alterations of forms, additions not called for, conditions limitations, unauthorized alternate bids or other irregularities of any kind. ABI reserves the right to waive any informalities or irregularities of bids.

26. **Failure to Perform**
If for any reason the successful bidder fails to perform any of the work required by the specifications, or if the work performed is not as specified, ABI reserves the absolute right to have such work performed by other persons and deduct the cost thereof from the bid price in the agreement of the non-performing bidder.

27. **Pricing Sheet**
Prices shall include an appropriate allocation of overhead, other indirect costs and profits so that the summation of unit price extensions and lump sum items represents the total bid amount. In the case of any bid item for which a fixed amount predetermined by ABI has already been entered on the Bid Schedule, the amount so entered shall be conclusive of all bidders as the price for such item, and shall not be revised unless ABI directs a change in the Scope of the Work affecting the item to which such amounts relates. The award will be based on the total fixed unit cost for all items aggregated.
28. **Bid Guarantee**

Bidders are required to furnish a Bid Guarantee in the amount of five percent (5%) of the total bid amount. At the option of the bidder, the guaranty may be a certified check payable to the order of ABI or a bid bond in the form attached. The bid bond shall be secured by a guaranty or a surety company listed in the latest issue of U.S. Treasury Circular 570. The amount of such bid bond shall be within the maximum amount specified for such company in Circular 570. No bid shall be considered unless it is accompanied by the required guaranty. The Bid Guarantee shall insure the execution of the Agreement and the furnishing of the performance and payment bonds and insurance by the successful bidder as required by the Agreement Documents. The Bid Guarantee of the bidders submitting the five lowest total bid amounts for the Agreement will be retained either until the successful bidder has signed the Agreement and furnished performance and payment bonds and certificates of insurance, or until the ninetieth (90th) calendar day after the Bid Opening date, whichever is sooner. Other Bid Guarantees will be returned within ten (10) calendar days after the Bid Opening date. Bid Guarantees being held pending the signing of the Agreement and furnishing other documents will be returned within ten (10) calendar days thereafter. Each bidder agrees that if it is awarded the Agreement and fails to execute the Agreement and to furnish the other documents required within fifteen (15) days, ABI will retain the Bid Guarantee as liquidated damages for the bidder’s failure to fulfill its bid and not as a penalty.

Attorneys-in-fact who sign bid bonds must file with the bond a certified and effectively dated copy of their power of attorney.

29. **Statement of Bidder’s Qualifications**

The Statement of Bidder’s Qualifications must be filled out completely, signed by the bidder, and notarized.

ABI shall have the right to require such additional information as it deems necessary to evaluate the ability of the bidder to successfully perform the work.

ABI reserves the right to reject any bidder who does not satisfy ABI as to its ability to successfully perform the work, previous pre-qualification notwithstanding.

30. **Affidavits**

The affidavit must be filled in completely, signed by the bidder, and notarized. Violation of the statements set forth in the affidavit may be grounds for rejection of bid, or termination of Agreement by ABI, as appropriate, as well as other appropriate remedies as provided by local, state, and federal statutes.

31. **Equal Business Opportunity**

The bidder shall complete the DBE Utilization Plan (Exhibit O) and the Sub-Contractor/Sub-Consultant Utilization and DBE Participation Certification form (Exhibit P).

A determination by ABI that misstatements have been made by the bidder in this document shall be cause for rejection of bid or termination of Agreement, as appropriate.

32. **Authorization to Transact Business**

If the successful bidder is an organization or organizations of combined entities which form a joint venture, before the Agreement is executed, the organization or the members of the joint venture team must submit documentary evidence from the Georgia Secretary of State that the organization is in good standing and that the organization is authorized to transact business in the State of Georgia. ABI reserves the right to request this evidence anytime during the procurement process.

33. **Bid Form**

The bidder must complete and execute all applicable sections of the bid document.
34. **Pre-Bid Inspection**
Prior to submission of a bid, the bidder shall have made a thorough examination of the work site. The bidder shall become informed as to the nature of the proposed construction, the kind of facilities required to carry out the construction, labor conditions, and all other matters that may affect the cost and time of completion of the work upon which it bids.

The bidder shall make itself familiar with all of the Agreement Documents and other instructions before submitting its bid, in order that no misunderstanding shall exist in regard to the nature and character of the work to be done. No allowance shall be made for any claims that the bid is based on incomplete information as to the nature and character of the site or the work involved.

The contractor, by execution of the Agreement, shall in no way be relieved of any obligation under it due to its failure to receive or examine any form or legal instrument or to visit the site and acquaint itself with the conditions there existing, and ABI shall be justified in rejecting any claims based on facts regarding that which the contractor should have known as a result thereof.

35. **Bid Modification and Withdrawal Due to Errors**
The bidder shall give notice in writing of its claim of right to withdraw a bid without penalty due to an error within two business days after the conclusion of the bid opening procedure. Bids may be withdrawn from consideration if the bid was substantially lower than the other bids due solely to a mistake therein, provided the bid was submitted in good faith, and the mistake was a clerical mistake as opposed to a judgment mistake; and was actually due to an unintentional arithmetic error or an unintentional omission of a quantity of work, labor or material made directly in the compilation of the bid, which unintentional arithmetic error or unintentional omission can be clearly shown by objective evidence drawn from inspection of original work papers, documents and material used in the preparation of the bid sought to be withdrawn. The bidder's original work papers shall be the sole acceptable evidence of error and mistake if the bidder elects to withdraw a bid. If a bid is withdrawn under the authority of this provision, the lowest remaining responsive bid shall be deemed to be the low bid.

No bidder who is permitted to withdraw a bid shall, for compensation, supply any material or labor or perform any subcontract or other work agreement for the person or firm to whom the Contract is awarded or otherwise benefit, directly or indirectly, from the performance of the Project for which the withdrawn bid was submitted. A bidder has 48 hours to notify the Procurement Manager of an obvious clerical error made in calculation of a bid in order to withdraw a bid after the bid opening. A request to withdraw a bid for this reason must be submitted in writing within the 48-hour period. Bidders who fail to request withdrawal of a bid by the required 48 hours shall automatically forfeit the bid bond. A bid may not be withdrawn otherwise.

36. **Non-Collusion**
Bidder declares that the bid is not made in connection with any other bidder submitting a bid for the same commodity or commodities, and that the bid is bona fide and is in all respects fair and without collusion or fraud. An affidavit of non-collusion shall be executed by each bidder. Collusion and fraud in bid preparation shall be reported to the Office of the Georgia Attorney General and the United States Department of Justice. See Exhibit F.

37. **Termination for Convenience**
ABI may terminate this Agreement for its convenience at any time upon thirty (30) days written notice to the contractor. In the event of ABI's termination of this Agreement for convenience, the contractor will be paid for those services actually performed through the date of termination. Partially completed performance of
the Agreement will be compensated based upon a signed statement of completion to be submitted by the contractor, which shall itemize each element of performance.

38. **Termination for Cause**

ABI may terminate this Agreement for cause upon ten (10) days prior written notice to the contractor of the contractor’s default in the performance of any term of this Agreement. Such termination shall be without prejudice to any of ABI’s rights or remedies by law.

39. **Bid Evaluation**

a. Each bid timely received by ABI shall constitute an offer to perform the work on the terms and conditions of the Agreement documents and all other requirements, all for the total bid amount. For good cause and valuable consideration, the sufficiency of which is acknowledged by submittal of a bid, each bidder promises and agrees that its bid shall be irrevocable for a period of one hundred twenty (120) calendar days after the bid opening and will not be withdrawn or modified during that time. ABI may accept any bid by giving the bidder written notice of acceptance during that time. If necessary, the period of time specified may be extended by written Agreement between ABI and the bidder or bidders concerned.

b. After the bids have been opened and before any award is made, ABI will evaluate the bid process, the total bid, the supplements to the Bid Form, bidder’s experience, financial data, proposed subcontractors and DBE participation, and other data relating to bidders’ responsibility and qualifications to perform the Scope of Work satisfactorily.

c. All extensions of the unit prices shown and the subsequent addition of extended amounts may be verified by ABI. In the event of a discrepancy between the unit price bid and the extension, the unit price will be deemed intended by the bidder and the extension shall be adjusted. In the event of a discrepancy between the sum of the extended amounts and the total bid, the sum of the extended amounts shall govern.

d. Bidder may be required to submit, in writing, the addresses of any proposed subcontractors or equipment manufacturers listed on the bid, and to submit other material information relative to proposed subcontractors or equipment manufacturers. ABI reserves the right to reject any proposed subcontractor or equipment manufacturers whose technical or financial ability or resources or experience are deemed inadequate or with whom ABI, IA or the City have had a negative experience.

e. ABI reserves the right to reject any bid when the prices of which appear to be unbalanced, and to reject any or all bids, or parts thereof, if it determines, in its sole discretion, that such rejection is in the best interest of ABI. An unsigned Bid Form will not be considered.

f. Where only a single responsible and responsive bid is received, ABI may in its sole discretion, elect to conduct a price or cost analysis of the bid. Such bidder shall cooperate with such analysis and provide supplemental information as may be required. The determination whether to enter into an Agreement with a single bidder shall be solely within ABI's discretion.

f. Bids will be evaluated on the basis of determining the lowest total bid of a bidder, not including alternates, whose bid is responsive to the Invitation to Bid and who is determined to be technically, financially and otherwise responsible to perform the Agreement satisfactorily, and to meet all other requirements of the bid relating thereto. Any bid may be rejected if it is determined by ABI to be non-responsive. However, ABI reserves the right to waive any irregularities or technicalities which it determines, within its sole discretion, to be minor in
nature and in the interest of the Project.

g. A pre-award conference may be conducted with the apparent low responsive and responsible bidder(s) to review general requirements of the bidding documents.

40. **Award Criteria**

An award will be made after evaluating the responsiveness, responsibility, and the total bid of each bidder. ABI intends to award the Agreement at the earliest practicable date to the lowest responsive and responsible bidder(s). ABI reserves the right to negotiate terms, conditions, schedules and pricing with the lowest responsive, responsible bidder at its discretion. ABI reserves the right to award the Agreement to one or multiple bidders. ABI may make such investigations as it deems necessary to determine the ability of the bidder to perform, and the bidder shall furnish to ABI all such information and data for this purpose as requested. ABI reserves the right to reject any bid if the evidence submitted by bidder, or investigation of such bidder, fails to satisfy ABI that such bidder is properly qualified to carry out the obligations of the contract.

ABI reserves the right to make an award as deemed in its best interest, which may include awarding a bid to a single bidder or multiple bidders; or to award the whole bid, only part of the bid, or none of the bid to single or multiple bidders, based on its sole discretion of its best interest.

a. The **responsiveness** of a bidder is determined by the following:

1) A timely and effective delivery of all services, materials, documents, and/or other information required by ABI;

2) Compliance by the bidder with DBE participation requirements of ABI;

3) The completeness of all material, documents and/or information required by ABI; and

4) The notification of ABI of methods, services, supplies and/or equipment that could reduce cost or increase quality.

b. The **responsibility** of a bidder is determined by the following:

1) The ability, capacity and skill of the bidder to perform the Agreement or provide the work required;

2) The capability of the bidder to perform the Agreement or provide the work promptly or within the time specified without delay or interference;

3) The quality of performance of previous contracts or work for ABI or the City including, but is not limited to the quantity and cost of change orders due to the bidder’s inadequate interpretation or misinterpretation of the scope of work and/or specifications; timeliness of completion of specific milestones or the agreed upon schedule, and failure to communicate construction issues with ABI staff clearly and immediately;

4) The previous or existing compliance by the bidder with laws and ordinances relating to the Agreement or work;
The previous experience as it relates to compliance with OSHA regulations and demonstration of an acceptable safety culture;

6) The sufficiency of the financial and labor resources and ability of the bidder to perform the services required under the Agreement or provide the work; and

7) The quality, availability and adaptability of the supplies or contractual work to the particular use required.

41. **Surety Bonds**
Regarding submission of surety bonds prior to or subsequent to the bid submission, the following requirements are pertinent:

a. ABI, IA and City of Atlanta shall be named as c-obligees on all bonding;

b. Any surety bonds submitted in accordance with the bid or agreement requirements must be issued by a corporate surety company satisfactory to ABI, IA and the City of Atlanta, and be authorized to act as such in the State of Georgia;

c. Such bonds shall conform to the forms provided with the bid documents and be completed in accordance with the instructions thereon; and

d. In accordance with Georgia law, and upon award of the Agreement, separate performance and payment bonds shall be required of the successful bidder, each in an amount not less than the total amount payable under the Agreement. The performance bond shall remain in effect for one year after final acceptance of the work or the guaranty period under the Agreement, whichever is longer.

The payment bond shall remain in effect for the period required under Georgia law for the payment bonds on public construction Agreements. Please refer to the bond forms and the Agreement documents for additional details of the terms required in the bonds. In the case of any inconsistency between the Bond Forms and Georgia law, Georgia law shall control. Finally, alterations, extension of the time allowed for performance, extra and additional work, and other changes authorized under the Agreement may be made without notice to or consent of the surety or sureties.

42. **Power of Attorney**
Attorneys-in-fact who sign agreement bonds must file with each bond a certified copy of their power of attorney with the appropriate effective date.

43. **Insurance Requirements**
The contractor shall procure and maintain during the life of any Agreement between ABI and contractor: workers' compensation, general liability, property damage, automobile liability insurance and any other insurance necessary to satisfy the requirements of the Bid Documents. ABI, IA and the City of Atlanta shall be named as additional insureds on all insurance policies.

44. **Laws and Regulations**
The bidder's attention is directed to the fact that all applicable federal and state laws, local ordinances, and the rules and regulations of all authorities having jurisdiction over construction of the Project shall apply to the Agreement throughout, to the extent that such requirements do not conflict with federal laws or
regulations, and they will be deemed to be included in the Agreement the same as though therein written out in full.

Bidder’s attention is directed to the following laws and regulations:

a. Applicable provisions of the Occupational Safety and Health Act ("OSHA") must be observed during work under this Agreement;

b. Applicable regulations and ordinances of the City of Atlanta and Fulton County must be observed during work under this agreement;

c. E-verify and S.A.V.E. obligations as required by law;

d. Applicable regulations of the Georgia Environmental Protection Division and the U.S. Environmental Protection Agency must be observed during work under this agreement.

45. Agreement Term
The term of this agreement shall be for a period of approximately 90 days from Notice to Proceed.

46. Liquidated Damages
The performance of the work under Agreement within the specified time is essential to ABI's economic interests. The attention of potential bidders is directed to the provisions of the Agreement Documents, which establishes the basis for liquidated damages to be paid to ABI in the event that the work is not completed on schedule.

47. Sample Agreement and Execution of Agreement
Upon receipt of a bid package containing an ABI "Sample Agreement" as part of the requirements, it is understood that the bidder has reviewed the documents with the understanding that ABI requires that all agreements between the parties must be finalized in writing and executed by ABI and the GC before either party shall have any obligations. Please be aware that this “Sample Agreement” is a non-binding sample document that serves to provide an example to interested parties of the executed Contract agreement. The sample Contract agreement is not inclusive of all terms, conditions or requirements of the solicitation, bid award or final executed Contract.

Subsequent to the award and within fifteen days after the prescribed forms are presented for signature, the successful bidder shall execute and deliver to ABI four copies of the ABI-Contractor agreement, sample of which is included in the Agreement documents and provide performance and payment bonds and insurance certificates. The failure of the successful bidder to execute ABI-Contractor Agreement and to supply the required bonds within fifteen days after the prescribed forms are presented for signature, or within such extended period as ABI may grant, shall constitute a default, and the bidder shall forfeit the bid guarantee and ABI may either award the agreement to the next lowest responsive and responsible bidder or re-advertise for bids, and may proceed against the bid bond of the defaulted bidder. If a more favorable bid is received by re-advertising, the defaulting bidder shall have no claim against ABI.

48. Post Award/Pre-Construction Conference
A required pre-construction conference shall be held with the successful bidder and all known subcontractors at a time and place set by ABI.
49. **Bidder’s Acknowledgement**  
The undersigned bidder acknowledges all requirements outlined in the above “Instructions to Bidder’s Package” and all documents referred to therein. This signed form must accompany the completed bid form submitted at the time of bid.

ATLANTA BELTLINE, INC. CODE OF ETHICS

The following is the Code of Ethics (the “Code”) to which employees of the Atlanta BeltLine, Inc. (“ABI”) are held accountable. The Code is not intended to serve as a comprehensive rulebook but, rather, as a guide to help an individual make the ethical choice. Each employee should use good business judgment in his or her actions to prevent ethical issues.

The purpose of the Code is to protect ABI by prohibiting any employee of ABI from engaging in activities that would hinder the integrity of the organization. The Code establishes the highest standards of honesty and independence. It recognizes that each employee of ABI must avoid even the appearance of impropriety in any business dealings.

Each officer of ABI shall comply with the ethical statutes, rules and regulations of the State of Georgia (O.C.G.A. § 21-5-1 and § 45-10-1) and the City of Atlanta (Code § 2-801 et seq.)

Definitions

- Celebration - refers to closing dinners and program celebrations, ribbon cuttings, grand openings, etc.
- City - refers to the City of Atlanta.
- Code - refers to this Code of Ethics for the Atlanta BeltLine, Inc.
- Contractors - refers to all persons and entities that furnish products and/or services to ABI under an agreement.
- Covered Persons - refers to ABI’s board members, officers, and employees, both full and part-time.
- Ethics Officer - refers to the General Counsel of the Atlanta BeltLine, Inc.
- Family Member - refers to a Covered Person’s spouse, father, mother, son, daughter, brother, sister, father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law, stepfather, stepmother, stepson, stepdaughter, stepbrother, stepsister, half-brother, half-sister, domestic partner or a person living in a stable family relationship with any employee. It also includes members of a Covered Person’s household, whether or not they are related to the Covered Person.
- State - refers to the State of Georgia.

General

It is essential to the proper operation of ABI that Covered Persons be independent, impartial, and, at all times, act to avoid conflict of interest, impropriety or the appearance of impropriety when acting for or on behalf of ABI.

All actions taken and programs administered by ABI shall be transparent to the general public and adhere to established processes and procedures.

Fiduciary Duty:

As a fiduciary of ABI, every Covered Person shall exercise good faith when acting on behalf of ABI. Covered Persons owe a duty to ABI to advance ABI’s legitimate interests when the opportunity to do so arises. Covered Persons should avoid situations that influence their ability to act solely in the best interests of ABI or interfere with their objectivity.
Conflicting Interest:
A Covered Person is deemed to have a conflicting interest in a decision or action if he or she or a Family Member has a personal or financial interest in that decision or action. A personal interest is any interest arising from relationships with Family, business, partnership, or corporate associations. A financial interest is one which shall yield, directly or indirectly, a monetary or other benefit to the Covered Person or Family Member.

Participation in ABI Programs
Covered Persons and Family Members are prohibited from participating in any program of ABI for which the Covered Person has a direct responsibility, oversight, audit or decision-making authority. To the extent a Covered Person is permitted to participate in a program of ABI, ABI will not grant a discount, waive fees or make adjustments from established market rates.

Participation in Celebrations
Covered Persons are allowed to participate in Celebrations where ABI has contributed to the matter being celebrated and participants are customarily invited to attend the Celebration.

Requirement to Disclose
Covered Persons are required to disclose any personal or financial interest and any situations that would reasonably give rise to a conflict of interest. This disclosure must be made in writing prior to participating in any decision or action, unless the disclosure occurs in a public meeting where there is a public record.

A Covered Person shall not vote for or against, discuss, decide, remain present in a meeting during a discussion or otherwise participate in a matter in which he or she has a conflicting personal or financial interest except by express approval of the Ethics Officer.

Improper Influence
No Covered Person shall attempt to use his or her position to influence any ABI decision or action relating to an organization, entity or activity in which he or she knows or has reason to know that he or she or a Family Member has a personal or financial interest.

Corporate Opportunity
Covered Persons are prohibited from personally taking opportunities that are discovered through his or her position with ABI, using ABI’s property or information for personal gain, or personally competing with ABI for business opportunities.

Confidential Information
No Covered Person shall disclose confidential information regarding the property, operations, policies, or affairs of ABI, except when authorized or required to do so by state or federal law, court order, or lawful subpoena. No Covered Person shall use confidential information acquired in an official capacity to advance the financial or personal interest of the Covered Person where such interest would conflict with the legitimate interests of ABI.
Non-Discrimination Policy
ABI will not discriminate against any program applicant, partner, client, potential client, vendor, potential vendor, employee, or applicant for employment on the basis of race, sex, age, color, religion, national origin, marital status, disability status, veteran status, sexual orientation, or any other basis prohibited by federal, state or local law.
Philanthropic or political preferences and campaign contributions, activities or sponsorships are personal and are not considered conditions of employment or promotion by ABI. No Covered Person shall compel, coerce, or intimidate any other Covered Person to make or refrain from making a philanthropic or political contribution.

Employee-Related Matters
Business Gifts
Employees must avoid situations that compromise, or even appear to compromise, ABI’s ability to make objective and fair business decisions. As a result, ABI employees are not allowed to accept any gifts or entertainment from any Contractor or potential business vendor unless it:
- Is not a cash gift;
- Is consistent with customary business practice;
- Is ordinary and reasonable; and
- Does not otherwise violate any federal, state, or local law.

Employees of ABI may not accept travel and lodging from persons or organizations without the approval of the Ethics Officer and the President and CEO.

Discounts
Discounts on any tickets for admission or other right of entry to any entertainment event shall only be permitted if the discounts are made available to all employees.

Honoraria for Speeches & Articles
Honoraria opportunities for employees of ABI must be conducted on the person’s own time; not conflict with the person’s responsibilities to ABI; and the Ethics Officer must approve of the opportunity in writing. Honoraria for speeches or articles prepared on behalf of ABI should be declined or remitted to ABI.

Nepotism
ABI may employ Family Members as long as such employment does not create a conflict of interest. ABI will not employ a Family Member if his or her work responsibilities, hours, salary, benefits, or other terms of employment could be influenced by the Covered Person that he or she is related to.

If two employees marry while employed or become part of the same household, then they will be treated in accordance with this section. Any conflict will be dealt with by ABI and may result in termination of employment for one or both employees based solely on the decision by ABI’s President and CEO.

Contractual Matters
ABI will not make payments to or receive payments from any party in order to induce the award of a contract or the extension of favorable rates. These types of payments are deemed to be bribes and may subject the violator to criminal sanctions.

Code of Violations
Ethics Officer
The General Counsel of ABI shall serve as the Ethics Officer. Any violation of this Code must be reported immediately to the General Counsel. The duties of the Ethics Officer shall include:
• Review alleged violations of the Code, ABI policies, or any other law or regulation;
• Educate and train all Covered Persons to ensure an understanding and awareness of the Code and ethics issues periodically;
• Advise Covered Persons regarding ethics questions and concerns; and,
• Propose updates to the Code, as necessary.

Reporting Violations
Covered Persons should promptly report any information indicating that another Covered Person is engaged in or plans to engage in prohibited conduct, a person or entity associated with ABI is engaged in or plans to engage in prohibited conduct, or that a Covered Person has been instructed, directed, or requested to engage in prohibited conduct.

If a Covered Person has concerns regarding any ethics or compliance issue, immediately contact the Ethics Officer at (404) 477-3690. All reports regarding an alleged violation or ethics matter will be reviewed and investigated in a timely manner. The Ethics Officer may share ethical matters with the President and CEO and the Executive Team of ABI. The Ethics Officer and President and CEO may consult with outside counsel, as necessary, to address ethics issues and concerns.

Any concern regarding conduct of the Ethics Officer should be reported to the President and CEO of ABI.

Neither ABI nor any Covered Persons will retaliate against employees who, in good faith, report any alleged violation or ethics matter.

Investigations and Hearings
The Ethics Officer shall conduct a preliminary investigation of any alleged violation. If he or she determines there to be probable cause to believe that there is a violation, then the Ethics Officer will recommend action in a written report to the members of the Senior Executive Team, which shall include the Vice President and General Counsel, COO, and the CFO.

If the Senior Executive Team also finds there to be probable cause supporting the complaint, then the Ethics Officer shall notify the complainant and the subject of the complaint. The Senior Executive Team will conduct a hearing on the issues with the parties. At such hearing, the Executive Team shall determine (1) whether the subject of the complaint has violated the Ethics Policy or other ABI policies and procedures and, if so (2) what disciplinary action should be taken. The Executive Team may take into consideration the recommendation from the Ethics Officer.

The Senior Executive Team’s decision shall be governed by the preponderance of the evidence standard. The decision of the Senior Team shall be presented to the President and CEO for approval. The decision of the President and CEO is final except in the event of termination of an employee for violation of this Ethics Policy and/or other ABI policies and procedures or a recommendation for removal of a member of the Board of Directors.

In the event that the President and CEO recommends termination of an employee or removal of a member of the Board of Directors for violation of the Ethics Policy and/or other ABI policies and procedures, the employee or board member may appeal said action to the full Board of Directors. The appeal will not be a full evidentiary hearing before the Board of Directors, only a review of the process and the disciplinary action. If the matter involves a member of the Board of Directors, the board member who is subject of the complaint shall not have a vote in the decision regarding the appeal of a disciplinary sanction against him or her. The decision of the Board of Directors shall be final.

DISADVANTAGED BUSINESS ENTERPRISE PARTICIPATION

ABI is committed to the practice of non-discrimination in the selection of team members and relationships with sub-contractors with a desire to reflect diversity and inclusion in the participation of companies engaged in the Atlanta BeltLine project. ABI strongly encourages participation by Female Business Enterprises (“FBE”), Minority Business Enterprises (“MBE”), Small Disadvantaged Businesses (“SDB”), and Small Business Enterprises (“SBE”) in all contracts issued by ABI. These enterprises shall be collectively referred to in herein as DBEs. It is anticipated that as a part of a responsive submittal, DBE participation will be included. This Project has a DBE goal and Local business utilization goal. The goal for the Project has been set at 30%.

However, nothing herein should indicate that an FBE, MBE, SDB or SBE may not apply and be selected independently, as FBEs, MBEs, SDBs, and SBEs that meet the qualifications of this ITB are encouraged to submit their qualifications for consideration. In order to participate as an FBE, MBE, SDB, or SBE on the contract, said FBE, MBE, SDB, or SBE must be certified as an FBE, MBE, SDB or DBE through GDOT, MARTA, the Georgia Minority Supplier Development Council, the U.S. Small Business Administration, the City of Atlanta or the Women's Business Enterprise Network Council. SBEs must be registered with the City of Atlanta and are defined in Section 2-1357 of Division 9 of the City of Atlanta Code of Ordinances, as amended. ABI maintains data on the utilization of DBE entities for all contracts with the utilization of ABI’s Subcontractor/Sub-consultant Utilization and DBE Participation Certification form.

Each bidder for ABI shall list any and all Female, Minority, Small Disadvantaged Business or Small Business Enterprises (FBE, MBE, SDB, and SBE) that have been or will be utilized on this Contract; the amount of revenue received or to be received by the FBE, MBE, SDB and SBE; and the percentage of the overall Scope of Services the specific DBE will provide under the Contract. All invoices should be in a format approved by the ABI Project Manager and reflect the sums to be received by DBEs, (FBEs, MBEs, SDBs and SBEs) from the total payment to be received by the bidder. The invoices should also reflect a total amount of compensation paid to date to the bidder and each DBE participant along with their corresponding percentage of the total compensation received. Bidder will also be responsible for submitting lien waivers from each of its DBE participants for all payments received, where necessary, and affirm that the bidder is current with all payment obligations due to the DBE participants at the time of the submission of an invoice for payment. Bidder shall be deemed a constructive trustee of the funds paid to it that are to be disbursed to a specific DBE participant. Failure to pay sums due to DBE participants shall be deemed a material breach of the terms of any agreement to which bidder may become a party as a result of its selection as the bidder.

Persons or firms interested in obtaining applications for certification should contact one or more of the following organizations:

- **City of Atlanta** – Office of Contract Compliance (FBE/MBE/SBE Certification): 55 Trinity Avenue, Atlanta, Georgia 30303, Tel: (404) 330-6010, Fax: (404) 658-7359.

A firm selected by the bidder can only satisfy one of the three categories. The same firm may not, for example, be listed for participation as an MBE organization and an SBE organization even if the level of participation exceeds each category's goal. All firms must be registered or certified prior to the submittal of the bid. A bidder is at risk in that there may be an issue of time to certify or register if it intends to use a firm that is not certified or registered at the time the bid is submitted. Applicants must include copies of MBE, FBE, SDB, SBE, and/or DBE certifications for the contractors and subcontractors listed in their submittal packages, if any.

In accordance with ABI’s DBE participation policy, all bidders shall complete and submit the Good Faith Effort Affidavit attached hereto as Exhibit I.

GOOD FAITH EFFORT AFFIDAVIT

DBE Participation Policy
The ABI DBE Participation Policy establishes subcontracting goals for all prospective bidders (ITB), offerors (RFP), and respondents (RFQ) to ensure a reasonable degree of DBE participation in ABI contracts. It is the goal of ABI that a certain percentage of work under each contract be executed by one or more DBEs.

The successful bidder/selected submitter shall agree to meet the established goals or must demonstrate and document a “good faith effort” to include DBEs in subcontracting opportunities. The successful bidder/selected submitter who fails to adequately document good faith efforts to subcontract or purchase significant material supplies from DBEs may be denied award of the Contract by ABI based on the contractor’s failure to be a “responsive” respondent, offeror or bidder.

By signing below, I agree to provide ABI with a completed copy of all forms required by the DBE Participation policy. I understand that if I fail to provide all of the required documents within five (5) business days after notification, my submission or proposal may be deemed “non-responsive” and I may be denied award of the Contract.

Article 2. **Timeframe For Project Completion**

(a) Contractor acknowledges that time is of the essence in the performance of this Project. In addition, Contractor understands that due to the sequential nature of the Work, time is also of the essence as to each intermediate milestone set forth in the schedule for the Work (“Contractor Schedule”). Contractor agrees to prepare a critical path schedule to establish controlling times of the Work and to monitor the progress of the Work for approval by ABI. Contractor agrees to perform the Work in a timely manner in order to accomplish timely completion, with all costs related to same being to Contractor’s account.

1. Contractor shall complete the work described in the Scope of Services as set forth in Exhibit A, in phases and pursuant to the schedule determined by ABI through the issuance of Work Orders, which shall describe the specific work to be completed, and shall be in writing.

2. Individual Notices to Proceed shall be issued by the ABI project manager and/or program manager in accordance with ABI budgetary requirements. Contractor shall be responsible for completing the work described in each Notice to Proceed issued by ABI for the duration of the Term of this Agreement, and in accordance with the schedule established by ABI.

3. In case of any conflict between the Scope of Services and any Notice to Proceed issued by ABI, the Notice to Proceed shall govern.

(b) Contractor shall commence actual Work on the job site within ten (10) calendar days after receiving notice from ABI to commence the work or at such time as ABI may indicate in any notice to proceed. Contractor shall perform the Work or at such time as ABI may indicate in any notice to proceed. Contractor shall perform the Work described in the Base Scope of Services and complete the Project no later than sixty (60) days from the date that the initial Notice to Proceed is issued. For purposes hereof “Complete” means that all elements of the Project have been completed and installed in accordance with the plans and specifications approved by ABI and all Governmental Requirements of all Governmental Authorities having jurisdiction with respect thereto. For the purposes of this Agreement, “Governmental Authority” means the United States, the State of Georgia, and any county, city or political subdivision thereof, and any board, bureau, council, commission, department, agency, court, legislative body or other instrumentality of the United States or the State of Georgia, or any county, city or political subdivision thereof; and “Governmental Requirement” means any constitution, law, statute, code, ordinance, resolution, rule, regulation, requirement, directive, judgment, writ, injunction, order, decree or demand of any Governmental Authority.

(c) ABI reserves the right to issue Directives as to the time when the Work of Contractor shall begin and the manner in which it shall be progressed and completed in order to coordinate the Contractor’s work with other work deemed by ABI to be necessary or appropriate, which Directives shall be complied with fully and promptly at Contractor’s cost. Such overall supervision and control shall not in any way limit the obligations of Contractor to directly supervise and control the Work and retain liability for all aspects of the same.
(d) After the Work is so commenced, Contractor shall prosecute the Work diligently and without unnecessary delay or interruption to completion; provided that, in so doing, Contractor shall stage and schedule its performance hereunder so as to fit in with the Work and construction activities of ABI and of other Contractors. Contractor recognizes that the Work to be performed on this project shall be performed in a sequential nature and that there may be times at which it has to reorder the time of its performance, but that all costs associated therewith are included in the Contract Price and shall not entitle Contractor to any additional compensation.

(e) If at any time, ABI determines that Contractor is not performing the Work in a timely enough fashion so as to meet the project schedule and the completion deadline, Contractor shall take such efforts as are necessary to recover the lost schedule time and complete the project by the time frame provided herein. All such recovery efforts shall be to Contractor’s account, unless and except to the extent that a change order is issued pursuant to the terms of this Agreement in advance of these recovery activities.

(f) Contractor recognizes that timely completion of the Work can be best assured through orderly and planned performance as required by the contract with ABI and Contractor’s Schedule. Compliance with each of the detailed Work segment milestones, personnel and resource allocations and other aspects of the Work plans and schedules is of the essence of this Agreement. ABI shall have the right to rely on Contractor providing such orderly performance and compliance. Contractor recognizes and acknowledges that ABI shall be secure in such expectation and reliance and that such security shall not be impaired by Contractor’s failure to perform as required by this Agreement. If reasonable grounds for insecurity do arise with respect to the performance of Contractor, ABI may, in writing, demand adequate assurance of due performance.

i. The type of assurance required may be specified by ABI and may include Contractor’s written commitment, to take steps which are reasonable under the circumstances, including, but not limited to, posting of bonds or security, acceleration, increase in work force or hours, and replacement and/or supplement of personnel, supervision or equipment, all of which shall be at Contractor’s cost. The adequacy of Contractor’s assurance shall be determined solely by ABI.

ii. If Contractor fails to provide adequate assurance of due performance within the time period specified by ABI, or as is adequate under the circumstances of the particular case, such failure shall constitute a repudiation of this Agreement whereupon ABI may terminate the Agreement without further liability to Contractor and without prejudice to any other rights of ABI, and such termination shall not affect the covenants of the parties set forth herein with respect to services which have been performed prior to the effective date of termination.

Article 3. Warranties.

(a) Contractor warrants title to all goods and materials (including in particular any specially fabricated goods) to be furnished and/or installed in the project by, through or under
Contractor. Title to the same shall be immediately vested in ABI upon the earlier of Contractor's placement of the order therefor or their segregation or identification as materials specifically designated to be used on the Project, whichever occurs first, free and clear of all liens, claims, security interests and encumbrances in favor of any third party; provided, however, that Contractor shall continue to bear the risk of loss or damage to all such goods, the responsibility for their care and protection, and the restoration of any damaged Work, until ABI's final written acceptance of the entire completed Project following the delivery and installation thereof. Nothing herein shall be construed to alter or accelerate the timing by which Contractor may receive payment for the materials. Once delivered, material, equipment, and items shall not be removed from the project or place of storage without the ABI's written consent, except for use on the project.

(b) Contractor shall make available to ABI all guarantees of manufacturers and suppliers, which shall be cumulative of, and not in lieu of, the Contractor's warranty obligations hereunder.

(c) Contractor warrants that the completed Work and all portions thereof shall operate and perform satisfactorily as specified in this Agreement and shall remain free of any weakness, deficiency, defect, failure, break down, or deterioration during testing, startup, and commissioning and during the warranty period.

(d) The warranties provided herein shall be in addition to and not in limitation of any other warranty or remedy provided or required by law or by the Agreement Documents. Neither the ABI's nor any third party's inspection or failure to inspect shall relieve the Contractor of any obligation hereunder. No acceptance or payment by the ABI for the Work shall constitute a waiver of ABI's right to insist upon strict compliance with the Agreement requirements, and nothing herein shall exclude or limit any warranties implied by law.

(e) Contractor further agrees to execute written certificates to evidence any special guaranties or warranties as are required by the terms of the Agreement Documents prior to final payment.

(f) The warranty contained in this Article 3 is intended to cover only the construction work performed by Contractor. Nothing herein shall be construed as providing a warranty for items of routine maintenance, ordinary wear and tear, damage caused by others, or other matters over which Contractor has no control.

**Article 4. Limitation on Expenditures**

Except for expenditures approved in advance in writing by ABI, Contractor shall not have the power or authority to make any expenditure or incur any expense or obligation on behalf of ABI in connection with the Project. Contractor shall bear all costs in connection with the performance of the Work.
Article 5. **Agreement Documents**

The Agreement Documents consist of this Agreement, the Invitation to Bid (ITB) package, Conditions of the Contract (General, Supplementary, Special, and other Conditions), Drawings, Specifications, Addenda issued prior to execution of this Agreement, other documents listed in this Agreement, and Modifications issued after execution of this Agreement; these form the Contract, and are incorporated herein by reference as a part of the Contract as if attached to this Agreement or repeated herein. The Contract represents the entire and integrated agreement between the parties hereto and supersedes prior negotiations, representations or agreements, either written or oral. An enumeration of the Contract Documents, other than Modifications, appears in Article 7.

Article 6. **Liquidated Damages**

The Contractor has agreed to have the Work described in the Base Scope of Services completed within sixty (60) days from the date Contractor receives the Notice to Proceed (NTP), in order to meet funding requirements of ABI which would result in funding for the Project being forfeited if the Contractor does not achieve Final Completion of the Work within the Contract Term. The Contractor further acknowledges and agrees that if the Contractor fails to complete any portion of the Work within the Contract Term, ABI will sustain extensive damages and serious loss as a result of such failure. The exact amount of such damages will be extremely difficult to ascertain.

If the Contractor fails to achieve Final Completion of the Work within the Contract Term, ABI shall be entitled to retain or recover from the Contractor, as liquidated damages and not as a penalty, Three Thousand Dollars ($3,000.00) per day commencing upon the first day following the expiration of the Contract Term and continuing until the actual date of Final Completion. Such liquidated damages are hereby agreed to be a reasonable pre-estimate of damages ABI will incur as a result of delayed completion of the Work.

These collectively form the Agreement, and are incorporated as a part of this Agreement by reference.

Article 8.  **Contract Sum**

8.01 For services rendered in connection with the completion of the Project Improvements and performance of the Work pursuant to this Agreement, Contractor shall be paid the Contract Sum in an amount not to exceed _______ and Dollars ($XXXX). The contract Sum shall be a lump sum subject to additions and deductions as provided in the Contract Documents. Before issuance of the Certificate of Payment, if the Contractor shall not have submitted evidence satisfactory to ABI that all payrolls, materials bills, and other indebtedness connected with the Work have been paid, ABI may withhold, in addition to the retained percentages, such amount or amounts as may be necessary to pay just claims for labor and services rendered and materials in and about the work, and such amount or amounts withheld or retained may be applied by ABI to the payment of such just claims. The Contract Sum is Contractor's full and complete compensation for the performance of duties, services, efforts or activities in connection with the development of the Project Improvements and performance of the Work whether or not enumerated in this Agreement. Contractor shall not be entitled to payment for or reimbursement of any costs or expense incurred in the performance of the services under this Agreement or otherwise in connection with the completion of the Project, except as expressly herein provided.

8.02 Contractor acknowledges that the Bid submitted in response to the Invitation to Bid (ITB) for this Project Bid is included as part of the Scope of Services attached hereto as Exhibit A. Contractor further acknowledges and agrees that strict adherence to the Bid Documents submitted in response to this Invitation to Bid is a condition precedent to entering into this contract. Any increase in price or schedule extension must be pursuant to the contract terms and conditions contained herein.

8.03 In order to ensure, track, and be inclusive of minority participation in the overall development of the Atlanta BeltLine Project, ABI strongly encourages participation of Disadvantaged Business Enterprises (DBEs) comprised of Female Business Enterprise (FBE), Minority Business Enterprise (MBE), and/or Small Business Enterprise (SBE) entities in all contracts issued by ABI at a minimum level of thirty percent (30%) of the contract sum. As a part of this commitment, ABI gathers data on the utilization of DBEs in all contracts. Each contractor or consultant for ABI shall list all DBEs that have been or will be utilized on each contract and/or amendment; the amount of revenue received or to be received by the DBE; and the percentage of the overall Scope of Services the specific DBE will provide under the contract and/or amendment.

8.04 Additional Documentation Required for Payment. In addition to other required items, each invoice submitted for payment shall be accompanied by the following, all in form and substance satisfactory to the City and ABI: (i) A statement from the Contractor setting forth the
list of all sub-consultants/subcontractors with whom the Contractor has subcontracted; the amount of each such subcontract, the DBE status and anticipated participation percentage, in compliance with the Disadvantaged Business Enterprise Utilization Form submitted at the time of the bid response which is incorporated herein by reference and attached hereto as Exhibit “B”; the amount requested for any sub-consultant/subcontractor in the invoice, and the amount to be paid to the sub-consultant/subcontractor from such invoice; (ii) A DBE Invoice Summary to accompany each invoice which provides the actual DBE participation (incorporated herein by reference and attached hereto as Exhibit “C”); (iii) Documentation required by the First Source Jobs Policy Agreement (Appendix “A”); (iv) Such other information, documentation, certificates and materials as ABI may reasonably require.

8.1 Progress Payments

8.1.1 Based upon Applications for Payment, including all supporting documentation, submitted to ABI by the Contractor and Certificates for Payment issued by ABI, ABI will make progress payments on the Contract Sum to the Contractor as provided herein.

8.1.2 The period covered by each Application for Payment shall be one calendar month ending on the last day of the month, or as follows:

8.1.3 Provided that an Application for Payment is received by ABI no later than the 10th day of a month, ABI shall make payment to the Contractor not later than the 60th day following approval of the Application for Payment and all related support documentation. If an Application for Payment is received by ABI after the date fixed above, payment shall be made by ABI no later than seventy-five (75) days after ABI approves a completed Application for Payment and all related support documentation.

8.1.4 Each Application for Payment shall be based on the most recent schedule of values submitted by the Contractor in accordance with the Contract Documents. The schedule of values shall allocate the entire Contract Sum among the various portions of the Work. The schedule of values shall be prepared in such form and supported by such data to substantiate its accuracy as ABI may require. This schedule, unless objected to by ABI, shall be used as a basis for reviewing the Contractor's Applications for Payment.

8.1.5 Applications for Payment shall indicate the percentage of completion of each portion of the Work as of the end of the period covered by the Application for Payment.

8.1.6 In addition to other required items, each Application for Payment shall be accompanied by the following, all in form and substance satisfactory to ABI:

1. A current sworn statement from the Contractor setting forth the list of all Subcontractors and any material suppliers with whom the Contractor has subcontracted, the amount of each such subcontract, the DBE status, if any, and participation percentage, the amount requested for any Subcontractor or material supplier in the Application for Payment, and the amount to be paid to the Contractor from such progress payment, together with a current, duly executed waiver of mechanics’ and material suppliers’ liens
from the Contractor establishing receipt of payment or satisfaction of the payment requested by the Contractor in the current Application for Payment. Invoices for payment must be accompanied with a completed DBE Invoice Summary.

2. Commencing with the fourth (4th) Application for Payment submitted by the Contractor, duly executed so-called “after-the-fact” waivers of mechanics’ and material suppliers liens from all Subcontractors, material suppliers, and, where appropriate, lower tier Subcontractors, establishing receipt of payment or satisfaction of payment of all amounts requested on behalf of such entities and disbursed prior to submittal by the Contractor of the current Application for Payment, plus sworn statements from all Subcontractors, material suppliers and, where appropriate, lower tier Subcontractors, covering all amounts described in this clause (ii) of Subparagraph 8.1.5.

3. Documentation required by the First Source Jobs Policy Agreement.

4. Such other information, documentation, certificates and materials as ABI may require.

**8.1.7** Subject to other provisions of the Contract Documents, the amount of each progress payment shall be computed as follows:

1. Take that portion of the Contract Sum properly allocable to completed Work as determined by multiplying the percentage completion of each portion of the Work by the share of the Contract Sum allocated to that portion of the Work in the schedule of values, less retainage of ten percent (10%). Pending final determination of cost to ABI of changes in the Work, amounts not in dispute shall be included as provided in the General Conditions;

2. Add that portion of the Contract Sum properly allocable to materials and equipment delivered and suitably stored at the site for subsequent incorporation in the completed construction (or, if approved in advance by ABI, suitably stored off the site at a location agreed upon in writing), less retainage of ten percent (10%);

3. Subtract the aggregate of previous payments made by ABI; and

4. Subtract amounts, if any, for which ABI has withheld or nullified a Certificate for Payment as provided in the General Conditions.

**8.1.8** The progress payment amount determined in accordance with Section 8.1.6 shall be further modified under the following circumstances:

1. Add, upon Final Completion of the Work, a sum sufficient to increase the total payments to the full amount of the Contract Sum, less such amounts as the ABI shall determine for incomplete Work, retainage applicable to such work and unsettled claims; and
2. Add, if final completion of the Work is thereafter materially delayed through no fault of the Contractor, any additional amounts payable in accordance with the General Conditions.

8.1.9 Except as hereinafter provided, ABI shall have the option, but not the obligation, to reduce the retainage requirements of this Agreement or release any portion of retainage prior to the date specified in the Contract Documents. Any reduction or release of retainage, or portion hereof, however, shall not be a waiver of (i) any of ABI’s rights to retainage in connection with other payments to the Contractor or (ii) any other right or remedy that ABI has under the Contract Documents, at law or in equity.

Except as otherwise permitted in writing by ABI, the Contractor shall require that each subcontract provide for the retention of payments on account of progress payments equal to ten percent (10%) of the total subcontract price (the “Subcontractor Retainage”). Such amount shall be withheld from progress payments by the Subcontractors until the Contractor has satisfied all conditions for Final Completion of the Work. The Contractor may request that ABI provide for an earlier release of Retainage solely for the purpose of ABI releasing and paying such Subcontractor Retainage. Such requests shall be limited to portions of the Work that have been completed in its entirety by such Subcontractor in accordance with the respective subcontract agreement and this Agreement and payment on account of all such Work has been so certified by ABI.

ABI’s election to provide early release of Retainage for payment of Subcontractor Retainage amounts shall be determined by ABI in its absolute reasonable discretion, it being understood that the “Completion of Work” performed by any such Subcontractor that is the subject of such request shall not be the sole determining factor, and that ABI may take into account, among other things, the entirety of the Work to be performed for completion of the Project, amounts which ABI may have the right to withhold pursuant to this Agreement, Contractor’s obligations under the Agreement as a whole, and the aggregate of all Retainage held by ABI pursuant to the Retainage provisions above relative to unperformed Work and unresolved or potential claims that ABI may have.

8.1.10 Except with ABI’s prior written approval, the Contractor shall not make advance payments to suppliers for materials or equipment which have not been delivered and stored at the site.

8.2 Final Payment

8.2.1 “Final Completion” of the Work shall be achieved when ABI or its Authorized Representative notifies Contractor in writing that all items required for the Work have been fully completed and corrected to ABI’s satisfaction and the Work has been fully performed in accordance with the Contract Documents. Upon ABI’s determination, in writing, of Final Completion of the Work, a final payment consisting of all amounts due and unpaid to Contractor under this Agreement (including the release of any retainage) less any withholdings, offsets or deductions from such amounts, as permitted by this Agreement (the “Final Payment”) shall be made only after Contractor has submitted to ABI a final Application for Payment, substantiated in accordance with the requirements of this Agreement, along with the following:
(a) Final certificates and all other required approvals from all authorities having jurisdiction, certifying to the proper removal and disposal of all waste materials and substances in accordance with all applicable laws, statutes, orders, rules, regulations, and ordinances;

(b) Certificates of Completion and any other certificates, permits, or other documents necessary or required for permanent occupancy and full use of the Project;

(c) Final releases of liens and affidavits from all Subcontractors in forms reasonably satisfactory to ABI;

(d) Final releases of liens and a final affidavit from Contractor in forms reasonably satisfactory to ABI;

(e) Any written certifications required from Contractor and Subcontractors with respect to Hazardous Substances, reasonably satisfactory to ABI;

(f) Consent of Surety(ies) to final payment;

(g) As-completed drawings and surveys of record, provided on the latest version of AutoCAD and in PDF, and all Work Product relating to the Project;

(h) A complete listing of all Subcontractors and vendors, with business address (telephone, facsimile and contact information also included), and items supplied, or Work performed, by such Subcontractors and vendors and the dollar amount due to and paid to each such Subcontractor;

(i) Copies of all test data taken;

(j) All other submissions, certifications, information, materials, or documents required by the Contract Documents including, but not limited to those required pursuant to First Source Jobs Policy;

(k) All maintenance and operating manuals, parts lists, guarantees, warranties (including, but not limited to, manufacturer’s warranties), copies of service agreements, and all other written material necessary or desirable to operate and maintain the Project, all of which shall be bound in a volume format acceptable to ABI; and
If required by ABI, any other data establishing payment or satisfaction of all claims or obligations, including, without limitation, receipts and additional releases, to the extent and in such form as may be designated by ABI.

8.2.1.1 At the completion of the Work and prior to release of Final Payment, ABI shall have the right to review the accounting records of Contractor to insure that accounts payable are current and to confirm that there are no financial liabilities related to the Project except those due in connection with Final Payment.

8.2.1.2 Upon receipt of all documents, materials and other data required under this Agreement above and upon confirmation of the financial status of the Project as set forth above, ABI shall make final payment to Contractor within sixty (60) days of ABI’s receipt from Contractor of all of the documents, materials, and other data required under this Agreement. In the event that all of the documents, materials, and other data are not submitted by Contractor on the same date, said sixty (60) day period shall not begin to run until the last date that any such documents, materials, or data are received by ABI.

8.2.1.3 The acceptance of Final Payment by Contractor shall constitute a satisfaction and waiver of all claims of Contractor against ABI and any other indemnified parties.

Article 9.   **Representations by Contractor**

Contractor represents that it has, or will secure at its own expense, all personnel required to perform all Work to be completed under this Agreement;

All the Work required hereunder will be performed by Contractor or under the direct supervision of Contractor. All personnel engaged in the Work by Contractor shall be fully licensed and qualified and shall be authorized or permitted under applicable State and local law to perform such Work; and

None of the Work or services covered by this Agreement shall be transferred, assigned, or subcontracted by Contractor without the prior written consent of ABI.

Article 10.   **Confidentiality and Media**

All reports, information, data or other documents, given to, prepared by or assembled by Contractor under this Agreement shall be kept confidential and, except as prohibited by law or an adjudicated order of a court of law, shall not be made available to any individual or organization by Contractor without prior written approval of ABI. The Contractor shall not communicate any information related to this engagement and the Work in connection herewith to any public officials, governmental bodies, press, media or any other public or private news medium, without the written consent of the ABI Project Manager, except to the extent required by law. It is intended that the construction services performed hereunder are confidential in nature and shall not be publicly disseminated unless approved in writing by the ABI Project Manager. If approved, ABI will coordinate with the Contractor in the public dissemination of information about the Work related
to this engagement and unless and until ABI approves any release in writing, the Contractor shall not communicate any information related to the Atlanta BeltLine to government officials, the press, publications and any other media or press services. For the purposes of this Agreement, the ABI Project Manager shall be Kevin Burke, or his designee.

Article 11. Changes in Scope of Services

ABI may, from time to time, request changes in the Scope of Services to be performed by Contractor hereunder. No such change, including any increase or decrease in the amount of the compensation, which may be mutually agreed upon by ABI and the Contractor, shall be effective and enforceable until and unless a written amendment or change order to this Agreement has been executed by both parties and attached hereto. A written amendment or change order shall be required for any increase or decrease in the amount of compensation or in the Scope of Services described in Exhibit A in any amount that exceeds Contractor’s Bid. Contractor shall be required to seek ABI’s written authorization for any amounts described as “General Allowance” in the Scope of Services. Such authorization, if granted, shall be contained in a Notice to Proceed.

Article 12. Insurance and Payment/Performance Bonds

Contractor shall at all times during the term of this Agreement maintain insurance policies consistent and in full compliance with the following requirements or their equivalent (the "Insurance Requirements").

12.01 Insurance:

(a) Throughout the term of this Agreement, Contractor shall carry and maintain in force, or cause to be carried and maintained in force, the insurance described in this Article.

(b) Contractor shall, upon ABI’s request, furnish ABI with appropriate certificates evidencing the insurance required to be maintained by Contractor hereunder. If Contractor for any reason fails to obtain and/or maintain in force any of the insurance required hereunder, then Contractor shall, and Contractor does hereby agree to, indemnify ABI, IA, and the City against, and hold, save, and defend each of ABI and the City harmless from, any and all claims, demands, actions, causes of action, suits, liabilities, damages, losses, costs and expenses of any kind or nature whatsoever (including, without limitation, reasonable attorneys' fees and court costs incurred in enforcing this indemnity and otherwise) which ABI or the City may suffer or incur, or which may be asserted against ABI or the City, whether meritorious or not, against which ABI and the City would or should have been insured under any required insurance which Contractor does not for any reason obtain or maintain in force.

(c) Each insurance policy maintained by Contractor pursuant to this Agreement shall contain a waiver of subrogation clause so that no insurer shall have any claim over or against ABI or the City, as the case may be, by way of subrogation or otherwise, with respect to any claims which are insured under any such policy.
(d) Contractor shall incorporate a copy of the insurance requirements under this Agreement into each and every subcontract with each and every subcontractor performing services in connection with the Work, and shall require each and every subcontractor of any tier to comply with all such requirements. Contractor agrees that if for any reason any subcontractor performing services in connection with the Work fails to procure and maintain insurance as required, all such required insurance shall be procured and maintained by Contractor at Contractor's expense.

(e) Neither the Contractor, nor any subcontractor performing services in connection with the Work, shall commence any work of any kind under this Agreement until all insurance requirements hereunder have been complied with and until evidence of such compliance satisfactory to ABI as to form and content has been provided to ABI.

(f) Within five (5) business days after written request by ABI, Contractor shall make available, through its records or the records of its insurance carrier, all requested information regarding a specific insurance claim.

(g) Contractor shall cooperate with ABI in obtaining the benefits of any insurance or other proceeds lawfully or equitably payable to ABI in connection with the transactions contemplated hereby.

12.02 Payment and Performance Bonds:

(a) Within fourteen (14) days of contract award, and in all cases prior to mobilizing and commencing work, the Contractor shall provide signed, valid, and enforceable Performance and Payment Bonds in a form agreeable to ABI. If Contractor fails to provide the Payment and/or the Performance Bonds in compliance with the terms hereunder, it shall constitute a material default of this Agreement and entitle ABI to revoke the contract award and hold Contractor liable for all resulting delays and re-procurement costs.

(b) The Performance and Payment Bonds shall be issued by a company organized and operating in the United States, licensed or approved to do business the State of Georgia, and shall be listed on the latest Federal Department of the Treasury listing for "Companies Holding Certificates of Authority as Acceptable Sureties on Federal Bonds and as Acceptable Reinsuring Companies." The surety must be acceptable to ABI, and Contractor shall obtain ABI's approval of the issuing surety in writing in advance.

(c) The bonds shall each be in the full Contract Price, payable to ABI and on forms acceptable to ABI in ABI's sole discretion. By issuing a bond, the Surety agrees to be bound by all terms of the Agreement, including those related to payment, time of performance, quality, warranties, and ABI's self-help remedies and default provisions, to the same extent as if all terms of the Agreement are contained in the bond(s).

(d) In the event a claim is made on either the Payment and/or Performance Bond(s), the Surety shall, no later than sixty (60) days after receiving written notice of such claim, pay such claim in full, provide a written notice with a full detailed explanation of all basis upon which it is denying or contesting payment. Failure of the Surety to provide such notice within the sixty (60) day period shall constitute Surety's waiver of any right to deny
or contest payment of such claim and the Surety’s acknowledgment that the claim is valid and undisputed.

(e) If at any time the Surety becomes financially insolvent or stops operating in the United States, The Contractor shall file new bonds complying with this Section within ten (10) days, and the failure to do so shall constitute a material default under this Agreement.

12.1 Insurance Requirements:

1. **Statutory Worker’s Compensation Insurance** – Worker’s Compensation insurance covering all employees of Contractor employed in connection with the work described in the Scope of Services in order to provide statutory benefits as required by the laws of the State of Georgia, including a waiver of subrogation in favor of Atlanta BeltLine, Inc.

Provided, however, that in no event shall the indemnity provided under this Section extend to a claim, demand, action, cause of action, suit, liability, damage, loss, cost or expense if and to the extent the same is caused by any default, negligence or willful misconduct of ABI or the City. In no event shall the indemnification in this section diminish, affect, impede or impair, in any manner whatsoever, the benefits to which any party may be entitled under any insurance policy required by this Agreement or otherwise, or under the terms of any waiver of any subrogation contained therein.

In any and all claims against ABI or the City, or any of their agents or employees or by any employee of the Contractor, any Subcontractor, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, the indemnification obligation in the Insurance and Bonding Requirements shall not be limited in any way, including, but not limited by, the limits of the liability insurance required under this Agreement and the Agreement documents, and not limited by any limitation on the amount or type of damages, compensation or benefits payable by or for the Contractor or any Subcontractor under workers’ or workmen’s’ compensations acts, disability benefit acts or other employee benefit acts.

Article 14. **Default by Contractor, Remedies and Termination**

(a) Contractor shall be in default of this Agreement for failure to comply with any provision of this Agreement. By way of example and not limitation, the following shall each constitute a material breach of this Agreement if Contractor fails to commence to cure the same within forty-eight (48) hours after receiving notice thereof:

1) failure to supply sufficient and properly skilled personnel;

2) failure to provide sufficient materials necessary for carrying on the Work;

3) failure to repair or replace defective Work;

4) failure to maintain the Agreement Schedule;

5) failure to maintain the insurance required by this Agreement;

6) failure to promptly pay laborers, Contractors, or suppliers;
7) failure to stay within the limits of construction depicted on the Construction Drawings.

8) failure to comply with any laws, ordinances, rules, regulations or orders or administrative rulings of any public authority pertaining to the Work;

9) breach of any provision of this Agreement or failure to comply with any of the Agreement Documents; or

10) bankruptcy or insolvency of Contractor (or any entity or entities that own a controlling interest in the Contractor) or the occurrence of other reasonable grounds for insecurity with respect to Contractor's ability to perform the Work; or

11) failure to provide adequate assurance satisfactory to ABI of Contractor's present and future ability to perform its obligations under this Agreement and the Project documents within five (5) business days after ABI's written request therefor (whereupon no further notice shall be required and Contractor shall be deemed to be in material breach of this Agreement). Contractor agrees that ABI's determination that Contractor has failed to provide adequate assurance shall not be subject to the dispute resolution procedures of this Agreement and be final and conclusively binding.

(b) Notwithstanding any provision to the contrary, if Contractor has been given written notice that it is in material breach of this Agreement, ABI may withhold payments to Contractor until Contractor cures such default or deficiency or may apply such withheld payment to the satisfaction of Contractor's obligations hereunder.

(c) If Contractor, upon receiving such written notice, fails to promptly commence to cure such default within the applicable cure period, or if Contractor fails to timely provide adequate assurance of its ability to perform within the five (5) days required hereunder, ABI shall have the right, but not the obligation, to exercise any one or more the following remedies:

1) supply such number of workers and quantity of materials, equipment and other facilities as ABI deems necessary for the satisfactory correction of such default or to continue the progress of the Work, which the Contractor has failed to complete or perform after the aforesaid notice, and charge the costs thereof to the Contractor, who shall be liable for the payment of same, including reasonable overhead, profit, and attorneys' fees;

2) contract with one or more additional sub-consultants to perform such part of the Work as ABI shall determine will provide the most expeditious correction of the default and charge the cost thereof to the Contractor;

3) without further notice take exclusive possession, control, and use of all of Contractor's equipment, tools, computers, appliances, materials, supplies, files and
documents, or other things Contractor may have used or stored on the job site, as necessary, to complete the performance of Contractor's Work hereunder;

4) withhold payment of any monies due the Contractor hereunder to pay any damages for which Contractor may become liable;

5) terminate this Agreement (in lieu of or in addition to the remedies set forth above); and/or

6) any other remedy available to ABI at law or in equity.

(d) Contractor agrees that if it should fail, at any time during the performance hereof, to fulfill its warranty obligations hereunder, or should breach this Agreement in whole or in part in any respect, or fail to use due diligence in the performance thereof, or fails to perform this Agreement in the manner herein provided, ABI may at its election, after giving Contractor forty-eight (48) hours written notice of its intention so to do, take over the Work and prosecute same to completion, by contract or otherwise.

(e) If the unpaid balance of the Contract Price shall exceed the cost and expense to ABI of completing, or causing to be completed, said Work and construction, including the cost of additional managerial, administrative and legal services, such excess shall be paid to Contractor. If the cost and expense to ABI, mentioned in the last preceding sentence hereof, should exceed said unpaid balance of the Contract Price, Contractor shall pay immediately upon demand the difference to ABI.

(f) ABI shall have the right to terminate this Agreement. In the case of a termination for convenience, Contractor's exclusive and sole remedy shall be for ABI to pay Contractor the reasonable value of the Work completed by Contractor as of the date of the termination plus those additional costs that it necessarily and reasonably incurs in order to effectuate an orderly demobilization and cessation of the Work, to preserve and protect the completed Work, and for any materials stockpiled for the Project. All such costs to be subject to audit and confirmation by ABI. In such case, Contractor shall not be entitled to recover any profit or fee for the Work performed after the termination.

(g) In the event ABI terminates this Agreement for cause and this termination for cause is determined to be wrongful or unjustified, Contractor agrees that such termination for cause shall be deemed a termination for convenience under this article.

(h) ABI may, at any time, by written notice to Contractor, suspend all or part of the Work hereunder for up to ninety (90) days. Upon receiving a Stop-Work Order, Contractor shall immediately comply with its terms and take all reasonable steps to avoid incurring any additional costs allocable to such Work. Within ninety (90) days after the effective date of the Stop-Work order, ABI shall (i) cancel the Stop-Work order; (ii) terminate all or a portion of the affected Work, or (iii) continue the Stop-Work order. ABI agrees to make a good faith effort to negotiate an equitable adjustment in the delivery schedule and/or price hereunder if the Stop-Work order results in an increase in time or cost for performance.
Contractor must assert a claim for equitable adjustment within fifteen (15) days after the end of the Work stoppage. Contractor’s failure to assert a claim within the time period specified shall result in Contractor’s waiver of any and all rights to recovery for such equitable adjustment.

Article 15. **Defective Work, Offset and Claims**

(a) The term "defect" as used in this Agreement shall mean any aspect of the Work that fails in any way to satisfy the Contractor’s warranties stated herein because it:

1) does not conform to the requirements of this Agreement and/or the Agreement Documents;
2) is inconsistent with applicable industry standards or applicable federal, state, and local laws, regulations, rules, codes, and ordinances, including any legal requirement relating to the environment or the handling of hazardous materials; and/or
3) materially and adversely affects or threatens to affect either (a) the mechanical, electrical or structural integrity of the project or any system therein; or (b) the safe operation of the project or any system therein.

(b) The Work shall be free from any defects. Contractor shall, at its expense, perform such inspections and tests as ABI may reasonably require to demonstrate the Work is without defects and complies with this Agreement. Specifically, Contractor shall provide and maintain an inspection system covering the Work, including material and services, to be furnished under this Agreement. Records of such system shall be maintained and available to ABI. ABI shall have the right, but not the duty, to inspect any Work furnished by Contractor and may reject and/or require re-performance of any Work not performed in strict accordance with the requirements set forth herein. If any Work or portion thereof is determined to be unsuitable, defective, or in violation of any law, rule or regulation, including any legal requirement relating to the environment or the handling of hazardous materials, Contractor shall bear and pay all expenses incidental to the correction of unsuitability and/or correction of such Work, including without limitation any fines or penalties. While ABI has the right to inspect the Work, any such inspection shall not in any way limit or lower Contractor’s sole responsibility to inspect the Work and to perform the Work in strict compliance with the requirements set out in this Agreement.

(c) Contractor shall, without cost to ABI, and upon receiving notice of a defect, promptly remove, replace, correct and/or repair, at ABI’s election, any portion of the Work that ABI determines is defective or is otherwise not in strict compliance with the Agreement Documents. Contractor shall also be responsible for and pay for replacement or repair of adjacent materials or other work which may be damaged due to the Contractor’s breach hereof or as a result of the replacement or repairs of any defect in the Work. The cost of investigating, gaining access to and uncovering defects are the responsibility of Contractor. Contractor shall bear the expense of making good all other property destroyed or damaged...
by its defects or its performance of Work. If ABI determines it to be necessary to avoid or minimize any delay in connection with, or impact to the intended operation of, the project, Contractor shall conduct such warranty Work on an overtime schedule basis at its own cost. This obligation to repair and replace any defective Work applies both during performance of the Work and during the warranty period.

(d) If Contractor fails to replace or correct any defective Work after reasonable notice, but in no event after three days following receipt by Contractor of such notice from ABI, ABI may, at its sole option, cause such Work to be replaced or corrected and all costs and expenses incurred in connection therewith shall be borne by Contractor; provided, however, that if the deficiency in the Work poses an immediate health and safety risk to ABI or others, then Contractor shall have the right to direct re-performance and correction of the substandard Work by the most immediate means available, and reasonable costs thereof shall be borne by Contractor. The failure to correct deficient work as called for herein shall constitute a material breach by Contractor.

Article 16. Miscellaneous

16.1 Licenses. Contractor hereby represents that it and its employees, Subcontractors, and others providing Work are, to the extent required by law to perform the Work, duly licensed under the laws of the State of Georgia.

16.2 Independent Contractor. Contractor shall employ and direct all persons performing any portion of the Work hereunder, and they shall remain the sole employees or Subcontractors of Contractor, and not employees or agents of ABI. It is the intention of the parties that Contractor shall be an independent contractor and nothing herein shall be construed as inconsistent with that status.

16.3 Ownership and Use of Documents. All Drawings, Specifications, documents, and other tangible things (including but not limited to estimates, schedules, plans, designs, calculations, sketches, models, reports, computer assisted design documents, results of programs, computer discs, diskettes or tapes, charts, photographs, and other data compilations from which information can be obtained or translated), and copies thereof, furnished by or on behalf of ABI, are and shall remain ABI’s property. They are to be used by Contractor only with respect to this Project and are not to be used on any other project. With the exception of the signed contract sets, such documents are to be promptly returned or suitably accounted for to ABI on request. Submission or distribution of these documents to meet official regulatory requirements or for other purposes in connection with the Project is not to be construed as publication in derogation of any common law copyright or other reserved rights of ABI.

16.4 Notices and Written Communications. All offers, notices, elections and acceptances, required to be made under the Contract Documents shall be in writing signed by an officer of the party making or giving the same or by an agent previously nominated and authorized in writing to act for said party and shall be delivered personally to or sent by a nationally registered overnight delivery service or certified mail, return receipt requested, to the person intended to be notified postpaid to the following addresses:
16.5 ABI’s Actions. Notwithstanding any other provision of this Agreement, ABI nor any of its employees, agents or representatives shall assume the responsibilities of Contractor, nor shall Contractor presume that ABI, any of its employees, agents or representatives have any knowledge or expertise in the area of the Work. Neither any action nor inaction by ABI or any of its employees, agents or representatives with respect to the Work or otherwise shall relieve Contractor of its responsibilities under this Agreement.

16.6 Contractor Under No Restriction. Contractor represents that it is under no obligation or restriction, nor will it assume any such obligation or restriction, which would in any way interfere or be inconsistent with, or present a conflict of interest concerning, the Work to be furnished by it under this Agreement.

16.7 Equal Opportunity. Contractor and all Subcontractors shall not discriminate against any employee or applicant for employment because of race, religion, color, sex, national origin, disability or age. Contractor shall take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, religion, color, sex, national origin, disability or age. Contractor agrees to post in conspicuous places, available to employees and applicants for employment, a notice setting forth these policies of non-discrimination.
Contractor and all Subcontractors shall, in all solicitations or advertisements for employees placed by them or on their behalf state that all qualified applicants will receive consideration for employment without regard to race, religion, color, sex, national origin, disability or age.

16.8 Termination. ABI shall have the right to terminate this Agreement without cause upon thirty (30) calendar days’ written notice to the Contractor. In the event of such termination for convenience, the Contractor’s recovery against ABI shall be limited to the amount due as of the date of termination and the Contractor shall not be entitled to any other or further recovery against ABI, including, but not limited to, damages or any anticipated profit on portions of the Work not performed. In the event of termination, Contractor shall cooperate with ABI in the retrieval of all information and documentation to be taken into ABI’s possession within thirty (30) calendar days from notice of termination.

ABI shall have the right to suspend all or any portion of the Work upon giving the Contractor ten (10) calendar days’ prior written notice of such suspension. If all or any portion of the Work is so suspended, the Contractor’s sole and exclusive remedy shall be to obtain an extension to the agreed upon time of completion of the Project (or the applicable portions of the Work previously authorized). In no event shall the Contractor be entitled to any additional compensation or damages. Provided, however, if the ordered suspension exceeds ninety (90) calendar days, the Contractor shall have the right to terminate the Agreement with respect to that portion of the Work which is subject to the ordered suspension. In the event of a suspension that exceeds thirty (30) days, an extension shall be automatic, but shall be confirmed in writing by Contractor within five (5) business days after the thirtieth day of the suspension.

16.9 Uncontrollable Forces/Acts Of God. Neither ABI nor the Contractor shall be considered to be in default of this Agreement if delays in or failure of performance shall be due to Uncontrollable Forces, the effect of which, by the exercise of reasonable diligence, the non-performing party could not avoid. The term “Uncontrollable Forces” shall mean any event which results in the prevention or delay of performance by a party of its obligations under the Agreement and which is beyond the reasonable control of the non-performing party. It includes, but is not limited to fire, earthquakes, epidemics, war, riot, civil disturbance, sabotage, legal challenges and governmental actions. Uncontrollable forces shall not include weather-related occurrences, which should be factored into the Construction Work Schedule.

However, neither party shall be excused from performance if nonperformance is due to forces which are preventable, removable, or remediable nor which the non-performing party could have, with the exercise of reasonable diligence, prevented, removed, or remedied with reasonable dispatch. The non-performing party shall within a reasonable time of being prevented or delayed from performance by an Uncontrollable Force, give written notice to the other party describing the circumstances and Uncontrollable Forces preventing continued performance of the obligations of this Agreement.

16.10 Contractor’s Personnel. ABI’s selection of the Contractor for the performance of the Work for this Project is based in part upon a careful consideration of the qualifications and experience of Contractor’s personnel, including Subcontractors, and the Contractor’s DBE
percentage for those entities who will participate in the Work. The names of these personnel and their areas of participation under this Agreement are set forth in the Contractor’s submittal.

The Contractor shall be responsible for the performance of all of the Work and shall utilize the specialized expertise and experience of the personnel listed in the Contractor’s submittal based upon the DBE participation which was certified to by the Contractor.

ABI shall have the right to demand the removal of any of the personnel listed in the Contractor’s submittal or otherwise used by the Contractor in connection with the Project for reasonable cause (as determined in good faith by ABI) and after written notice is provided to the Contractor ten (10) days in advance.

The Contractor shall not replace any of the personnel listed in the Contractor’s submittal without the prior written approval of ABI. In the event that the Contractor replaces any of the personnel listed in the Contractor’s submittal without first obtaining the prior written approval of ABI, ABI shall have the right to renegotiate the terms of this Agreement, or terminate the Agreement as of the date ABI receives notice of Contractor’s failure to comply with this provision. In the event this Agreement is terminated in accordance with this Section 16.10, the Contractor’s recovery against ABI shall be limited to the amount due as of the date of termination and the Contractor shall not be entitled to any other or further recovery against ABI, including, but not limited to, damages or any anticipated profit on portions of the Work not performed. Due the unique nature of this Project, ABI reserves the right to have the final approval on any subcontractors listed as a part of the original team and any substitute members. Contractor shall not remove or replace any DBE subcontractor member of its team without prior ABI approval.

In the event the Contractor, through circumstances beyond its control, is unable to provide the services of the personnel listed in the Contractor’s submittal, the Contractor shall be responsible for providing other personnel for the performance of the particular items of Work involved, whose expertise and experience, in the opinion of ABI are equivalent to that which would have been provided by the originally listed person.

The Contractor shall be responsible for any additional costs caused by the substitution of personnel for those listed in the Contractor’s submittal. In no event shall any substitution of personnel result in an increase in compensation to be paid by ABI.

16.11 First Jobs Source Policy. Contractor acknowledges that as a material part of this Agreement and obligations associated with funding for the Project that Contractor must agree to abide by the City’s First Source Policy and execute a copy of ABI’s First Source Employment Agreement. A copy of the Agreement is attached hereto as Appendix A.

16.12 Community Engagement. Contractor hereby acknowledges that a critical portion of the Atlanta BeltLine Project’s success lies with its commitment to community engagement. In support of this process, Contractor hereby agrees to the following:
1. Attend an informative meeting with the Director of Community Planning and Engagement for ABI, or her designee, prior to any construction efforts or groundbreaking plans.

2. Contractor agrees to work with the Project Manager assigned by ABI to identify and contact via letter the impacted community members adjacent to construction site. Contractor agrees to serve as a point of contact along with the Community Engagement staff assigned by ABI in the letter to impacted community members in order to address any potential concerns from the impacted community members on construction related matters.

3. Contractor agrees to provide the Project Manager assigned by ABI periodic updates on the status of the construction and make a representative available to attend Community Engagement meetings as needed to present information on the status of the construction project.

16.13 Contractor/Consultant and Subcontractor/Subconsultant Evidence of Compliance; Federal Work Authorization. Pursuant to O.C.G.A. §13-10-91, ABI cannot enter into a contract for the physical performance of services unless the Contractor, its Subcontractor(s) and sub-subcontractor(s), as that term is defined by state law, register and participate in the Federal Work Authorization Program to verify specific information on all new employees. Contractor certifies that it has complied and will continue to comply throughout the Contract Term with O.C.G.A. §13-10-91 and any related and applicable Georgia Department of Labor Rules. Contractor agrees to sign an affidavit evidencing its compliance with O.C.G.A. §13-10-91. The signed affidavit is attached to this Agreement as Exhibit D. Contractor agrees that in the event it employs or contracts with any Subcontractor(s) in connection with this Agreement, Contractor will secure from each Subcontractor or an affidavit that certifies the Subcontractor’s current and continuing compliance with O.C.G.A. §13-10-91 throughout the Contract Term. Any signed Subcontractor affidavit(s) obtained in connection with this Contract shall be attached hereto as Exhibit E. Each Subcontractor agrees that in the event it employs or contracts with any sub-subcontractor(s), each Subcontractor will secure from each sub-subcontractor an affidavit that certifies the sub-subcontractor’s current and continuing compliance with O.C.G.A. §13-10-91 throughout the Contract Term. Any signed sub-subcontractor affidavit(s) obtained in connection with this Agreement shall be attached hereto as Exhibit F. Additionally, Contractor is required to sign the SAVE affidavit attached hereto as Exhibit G, in accordance with O.C.G.A. §50-36-1.

16.14 Headings. The use of headings, captions and numbers in this Agreement is solely for the convenience of identifying and indexing the various provisions in this Agreement and shall in no event be considered otherwise in construing or interpreting any provision in this Agreement.

16.15 Assignment. Contractor may not assign its rights nor delegate its duties hereunder without the prior written consent of ABI.

16.16 Governing Law. This Agreement shall be governed and construed in accordance with the laws of the State of Georgia.
16.17 **Counterparts.** This Agreement may be executed in multiple counterparts, each of which shall constitute an original, but all of which shall constitute one document.

16.18 **Entireties, Beneficiaries.** This Agreement represents the entire Agreement between ABI and Contractor with regard to the construction of the Project and performance of the Work and all prior agreements are superseded hereby. This Agreement is for the benefit of ABI, the City, and Contractor, and no other party is benefited hereby. This Agreement creates contractual rights only between ABI and Contractor, and Contractor has no lien rights in or to the Property.

16.19 **Exhibits.** Each and every exhibit referred to or otherwise mentioned in this Agreement is attached to this Agreement and is and shall be construed to be made a part of this Agreement by such reference or other mention at each point at which such reference or other mention occurs, in the same manner and with the same effect as if each exhibit were set forth in full and at length every time it is referred to or otherwise mentioned.

16.20 **Severability.** If any term, covenant, condition or provision of this Agreement, or the application thereof to any person or circumstance, shall ever be held to be invalid or unenforceable, then in each such event the remainder of this Agreement or the application of such term, covenant, condition or provision to any other person or any other circumstance (other than those as to which it shall be invalid or unenforceable) shall not be thereby affected, and each term, covenant, condition and provision hereof shall remain valid and enforceable to the fullest extent permitted by law.

16.21 **Non-Waiver.** Failure by either party to complain of any action, non-action or default of the other party shall not constitute a waiver of any aggrieved party's rights hereunder. Waiver by either party of any right arising from any default of the other party shall not constitute a waiver of any other right arising from a subsequent default of the same obligation or for any other default, past, present or future.

16.22 **Rights Cumulative.** All rights, remedies, powers and privileges conferred under this Agreement on the parties shall be cumulative of and in addition to, but not restrictive of or in lieu of, those conferred by law or equity.

16.23 **Time of Essence; Prompt Responses.** Time is of the essence of this Agreement. Anywhere a day certain is stated for payment or for performance of any obligation; the day certain so stated enters into and becomes a part of the consideration for this Agreement. The parties recognize and agree that the time limits and time periods provided herein are of the essence of this Agreement. The parties mutually agree to exercise their mutual and separate good faith, reasonable efforts to consider and respond promptly and as expeditiously as is reasonably possible notwithstanding any time period provided in this Agreement.

16.24 **Modifications.** This Agreement shall not be modified or amended in any respect except by a written agreement executed by ABI, Invest Atlanta, and Contractor in the same manner as this Agreement is executed.
