- How did we get here?
- Why do we need another access point?
- Design Process and Schedule
- Initial concept designs
- Community feedback highlights from November 2019 meeting
- Revised concept designs & intersection improvements
How Did We Get Here?

• ABI purchased the property for the purpose of building an access point for the Westside Trail

• 2017: ABI & Westview Community collaboration on the Complete Street Vision for Ralph David Abernathy Blvd.

• 2018: ABI began developing concepts, but had to be put on hold due to staff resourcing challenges

• 2019: Due to the hiring of new staff, ABI is restarting the effort to deliver complete construction documents by Fall 2020.
Why Do We Need Another Access Point?

• Provide closer access to the Westside Trail for the Westview neighborhood
• Upgrade road elements for safer crossing of Ralph David Abernathy Blvd.
Design Process and Schedule

- Presented initial concepts at November 2019 meeting
- Collected and incorporated feedback from the November 2019 meeting into concepts presented tonight
- Collect feedback tonight to select the preferred concept design for more refined and final design
- Fall 2020 community meeting to present the final design
Initial Concept A
Initial Concept B
Initial Concept C
Community Feedback Highlights

- Maintain separate entry and circulation path away from plaza/seating area
- Add landscaping closer to RDA to provide a sound, shade and visual buffer
- Add fencing/barrier between sidewalk along RDA at access point area
- Keep tiered seating overlooking the BeltLine
- Adjust crosswalk location across S. Gordon Street
Revised Concept A
Revised Concept B
Revised Concept C
