Ben Skidmore - ben.skidmore@kimley-horn.com

Requested Variation(s):

1. **Section 16-36.013 6.013** – Supplemental Zone - The supplemental zone shall be no more than 30 inches above the adjacent public sidewalk for a minimum linear distance of 15 feet from the nearest edge of the adjacent sidewalk or BeltLine Corridor unless existing topographical considerations render this requirement unreasonable.

There is approximately 12 feet of grade change across Englewood Avenue along the building frontage. This existing topography results in portions of the building face that are higher than 30 inches above the public sidewalk. All entries to the building will have a direct accessible connection to the public sidewalk.
